Many of our commissions are complex planning and building projects that involve a wide variety of interests, from the client, to users, to local agencies and community groups. As a result, we have developed an experienced working approach that encourages communication and participation throughout the design and construction process. We understand that a strong architectural vision, coupled with attention to the specifics of program goals is essential to achieve the broad support necessary for a successful project.

Recognized for its leadership in helping to strengthen communities through design excellence, the firm's success is reflected in the high number of repeat projects and ongoing client relationships it has enjoyed since its founding in 1949.
