LANDSCAPE ARCHITECTURE

The people of **Bernardon** are our greatest asset. Our people have a passion for delivering high quality design in a collaborative, imaginative, innovative, and enjoyable environment. With offices in picturesque Chester County, Pennsylvania and bustling downtown Philadelphia and Wilmington, we offer the unique opportunity to be involved with a wide variety of project types in a broad range of markets. In addition to a competitive salary and a comprehensive benefits package, you will be provided with a stimulating workplace and plentiful opportunities for growth and advancement. To apply, visit our Careers page at <http://www.bernardon.com/careers/>

Project Director – Philadelphia Office

Our team currently has an opening in our Philadelphia office for a Project Director (minimum 10 years of experience) who will be responsible for performing a variety of tasks including working jointly with Design Principals relative to the internal and external tasks of managing, executing, and coordinating architectural projects as well as preparing design and construction documents, and managing/coordinating construction administration services. Ideal candidates will have excellent communication skills and a broad base of experience in all aspects of design, documentation, and construction administration. A first professional degree in architecture (B. Arch or M. Arch) and architectural licensure is required. An advanced command of Revit is essential. Multifamily, mixed-use, senior living, and wood frame construction design expertise is a must.

Intern Architect - Philadelphia, West Chester, and Wilmington Locations

Our team is currently seeking creative and passionate intern architects (2-6 years of experience) to join our team in ALL three offices. Individuals will be responsible for performing a variety of tasks including generating design concepts, preparing architectural plans and renderings, and observing/surveying architectural features of structures in the field. Ideal candidates will have a tenacious and energetic spirit, as well as a professional degree in architecture; excellent design, digital modeling and rendering abilities; and an advanced command of Revit, AutoCAD, SketchUp, Bluebeam, Photoshop and PowerPoint. Multifamily, mixed-use, senior living, and wood frame construction design expertise is a plus.

Architect/Designer – Philadelphia and West Chester Locations

Our team currently has multiple openings for a seasoned architect/designer (minimum 5 years of experience) who will be responsible for performing a variety of tasks including working jointly with Design Principals relative to the internal task of organizing, executing, and coordinating project assignments as well as preparing design and construction documents, and coordinating construction administration services. Ideal candidates will have excellent communication skills and a broad base of experience in all aspects of design and construction administration. A first professional degree in architecture (B. Arch or M. Arch) and current pursuit of architectural licensure is required. An advanced command of Revit is essential. Multifamily, mixed-use, senior living, healthcare, and/or higher education design expertise is a plus.
