Firm Profile:

Jonathon Selway Architect's is a small and growing architecture firm located in Selbyville, Delaware. With an emphasis on design oriented residential and commercial projects, the firm is seeking candidate(s) that possess strong design skills and a desire to create highly detailed and thoughtful buildings and places. We are currently seeking applicants for intern and project architect positions to work in our office.

Project Architect:

The ideal candidate for this position would preferably have a minimum of 3-5 years of experience managing small to medium-sized architectural projects for a professional design firm. Candidates will be expected to oversee multiple projects throughout various phases of the design process, including construction administration. Communication skills and personality are essential for the position as candidates will communicate regularly with clients, consultants, and contractors. Design experience and design skills will be weighed heavily in the selection process. Revit experience is required for this position. Compensation is negotiable and candidates with more experience are encouraged to apply for this position.

Responsibilities:

- Manage and oversee architectural projects from conception to completion
- Coordinate with clients, consultants, and contractors to ensure project success
- Work with the design team to create architectural drawings, plans, and specifications
- Conduct site visits to ensure compliance with design intent and building codes
- Collaborate with the design team throughout each phase of the project
- Provide technical guidance and mentorship to junior staff members

Requirements:

- Bachelor's or Master's degree in Architecture
- Professional licensure as an Architect preferred, path to licensure required
- Proficiency in Revit, Adobe, and other relevant software
- Strong knowledge of building codes, regulations, and construction methods
- Excellent communication and interpersonal skills for client interaction and team collaboration
- Strong problem-solving skills and attention to detail imperative
- Ability to work independently and manage multiple projects simultaneously

*All applicants shall submit work samples with their resume to info@jonathonselwayarchitects.com
