

At Charles Matsinger Associates, our people are our greatest asset. If you are creative, talented and want to be part of a thriving environment that takes pride in the work you do, then CMA is the place for you!

Located in the vibrant Old City neighborhood of Philadelphia, CMA provides architectural and design services to a broad range of commercial and healthcare clients in the tri state area. At the foundation of our 30-year success is our unique ability to truly listen to our clients and take a vested interest in their needs. Only then are we uniquely positioned to provide high-value services that exceed the clients' goals and expectations. With this approach, CMA has been able to develop strong bonds with our many long-standing clients and lay the foundation for future relationships.

## **PROJECT ARCHITECT**

As an important member of this collaborative environment, the Project Architect is responsible for managing the project team along with all phases and aspects of the design process. In addition, the candidate should possess the following:

- Understanding of design and documentation process within budget constraints.
- Knowledge of codes.
- Knowledge of detailing and construction methods.
- Ability to work in AutoCAD release 2013-2015 and REVIT 2013-2015.
- Capability to review and coordinate engineering documents for compliance with Architectural design documentation.
- Creative, problem-solving skill set.
- Excellent time management skills.
- Interpersonal skills, as well as written and graphic communications excellence.
- Architectural degree from an accredited program.
- 5 to 7 years of relevant experience.
